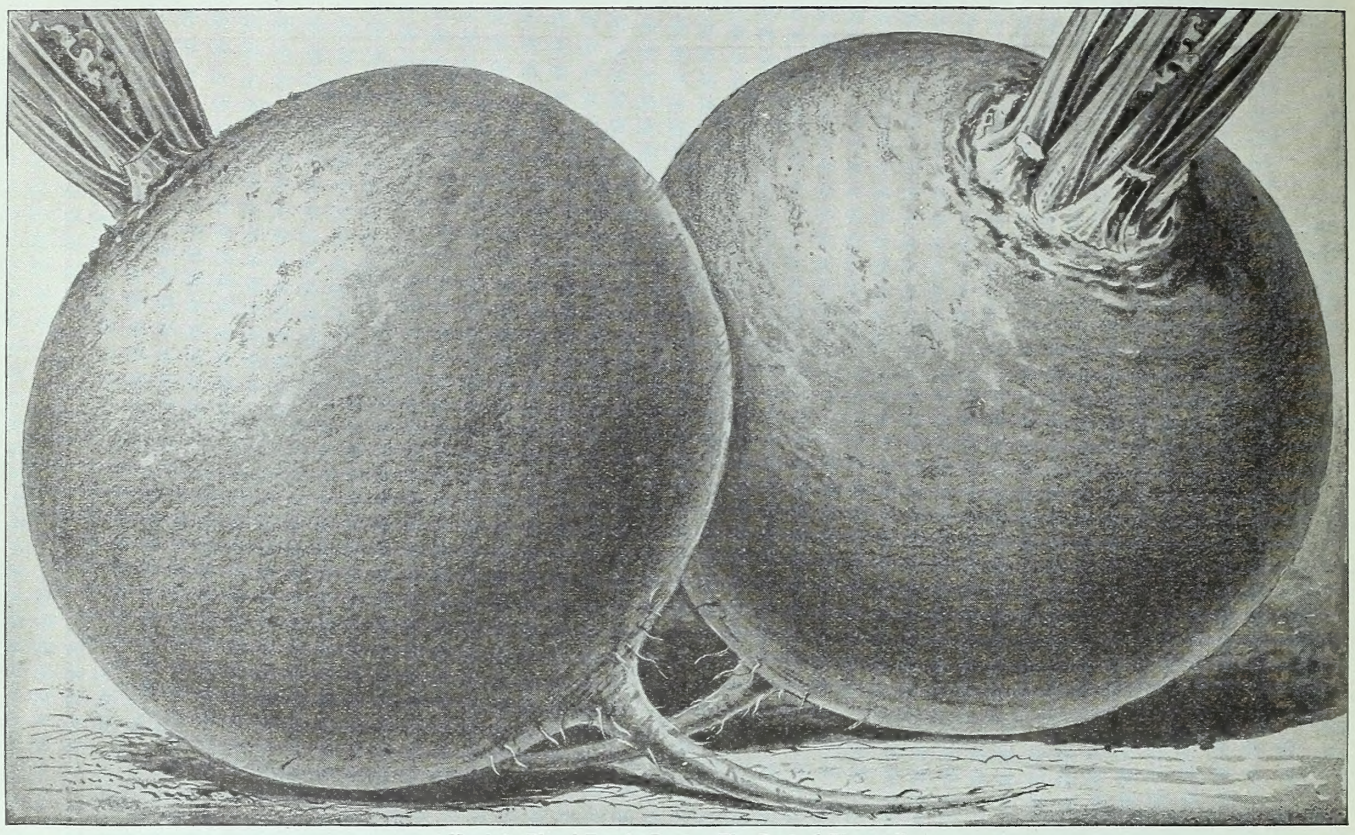
FOR

MARKET GARDENERS

1916

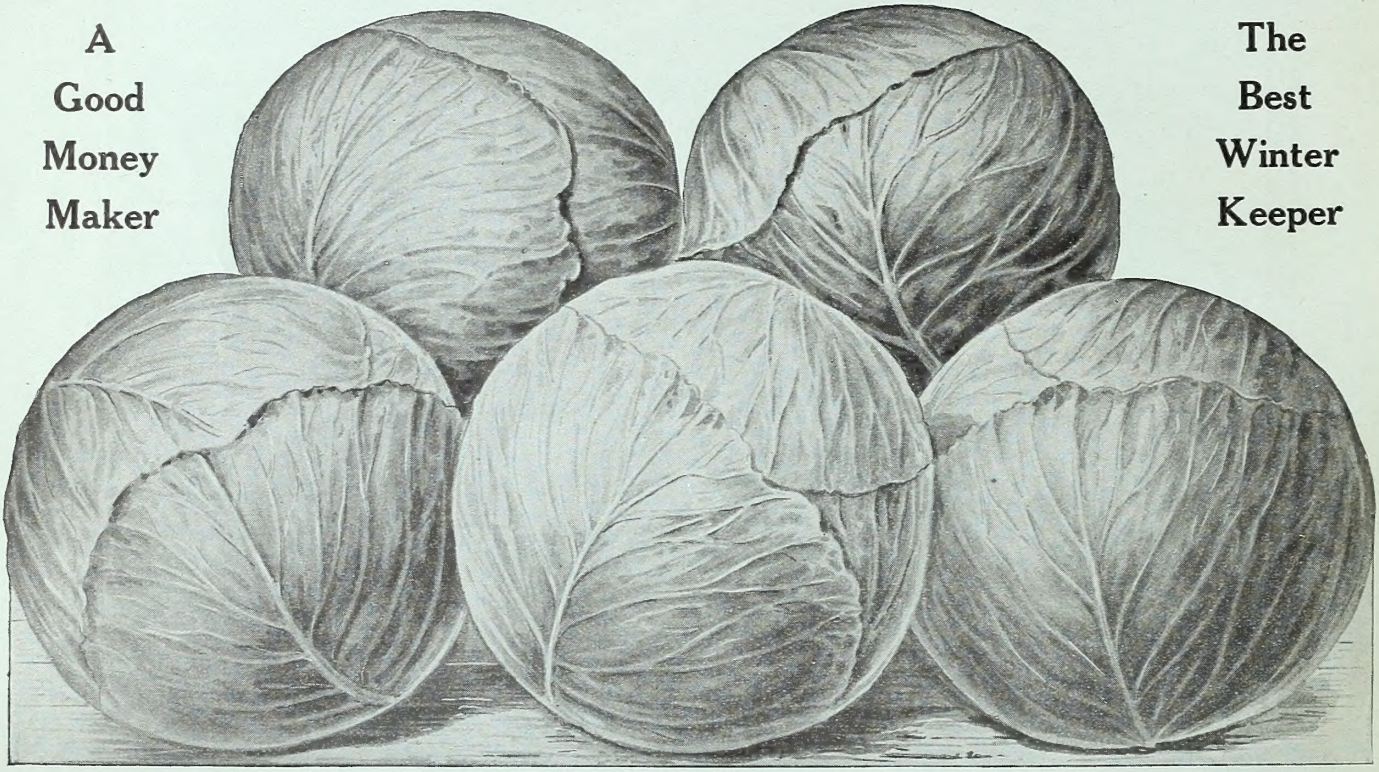
WM. HENRY MAULE, Inc.
Seedsmen, Philadelphia, Pa., U. S. A.



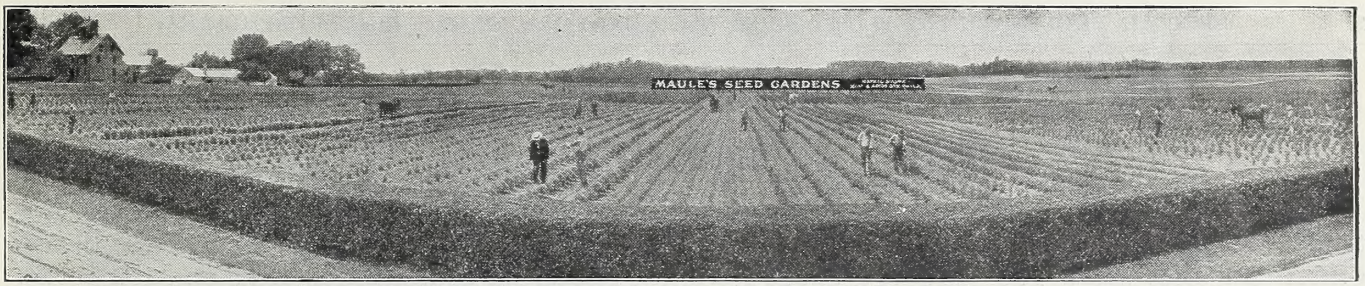
Maule's Blood Turnip Beet. The Best of Them all.

A Good Money Maker

The Best Winter Keeper



Danish Ball Head Cabbage.



Maule's Seed Gardens and Trial Grounds at Newfield, New Jersey.

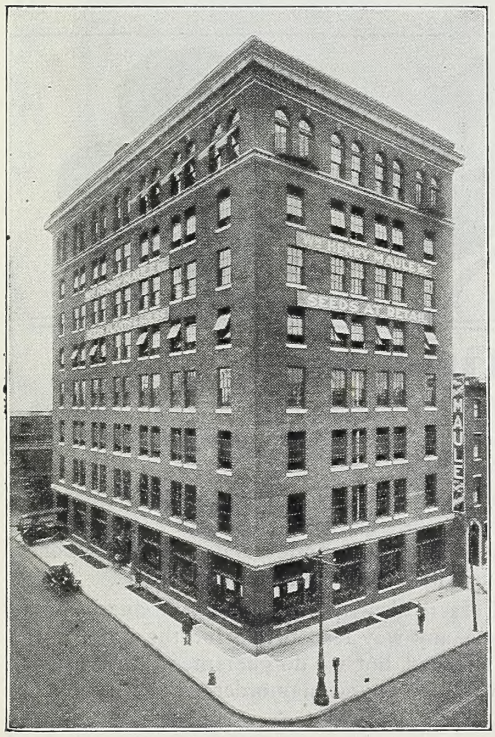
Maule's Price List for Market Gardeners

This price list is intended for *Market Gardeners and Truckers only* and is not mailed to *private gardeners.*

Complete and accurate descriptions of all varieties listed in this price list will be found in our *1916 Seed Book,* a copy of which will be mailed you free on request, if you have not already received same.

The past season has been an exceptional one in many sections of the country, crops in many cases being bountiful, but prices have been exceptionally low. In other sections, crops have been far below the usual production and prices ruled high. We have found in *our experience of 39 years,* that a low priced market is usually followed the next year by a high priced one, so in the long run it evens up itself.

We have, as is our usual practice, planted very extensively for seed with the expectation of a very heavy demand this year. Our seed crops have been harvested, but in some instances, such as *Bush Beans, both Wax and Green Pod,* we have never experienced such poor yields. In many cases, we did not even get our seed stock back. Consequently, prices are high and some sorts not to be had at any price. *Carrot* seed is also short and prices therefore, are higher. *Onion* seed in many sections was a complete failure and we are afraid that there will not be enough of some varieties to supply the demand. *Spinach* seed, which comes from Holland and Germany, owing to war conditions is not allowed to be exported. We were fortunate, however, in getting some early shipments out. *Salsify* is another item which was almost a failure. We are very glad, however, to be able to offer all these items in this list. We have made *our prices as low as possible on all varieties of seeds* and have given our *customers the advantage of last year's low prices* wherever possible. We have also made *reductions* in cases where our supply would permit us to do so.



Maule's Seed Warehouse
21st and Arch Sts., Philadelphia, Pa.

We always advise sending in your orders as early as you conveniently can, as sometimes freight and express shipments are delayed in delivery longer than we expect, so by sending in your order early, you have your seeds at hand when wanted.

Bear in mind that on all orders from this price list, amounting to $10.00 or more, we will prepay all of the freight charges to your nearest railroad station, provided your order is for small seeds only. This does not include peas, beans, corn, potatoes, plants, and onion sets, as these are not small seeds.

Prices on peas, beans, corn, potatoes, plants and onion sets include bags or boxes delivered free on board cars or boat in Philadelphia, but customer must pay transportation charges.

Thanking all of our customers for their very liberal patronage in the past, and wishing you health, happiness and prosperity in the future, we remain,

Yours very truly,

Philadelphia, Pa., January, 1916.

Wm. Henry Maule, Inc.

Maule's Special 1916 Price List For Truckers Only

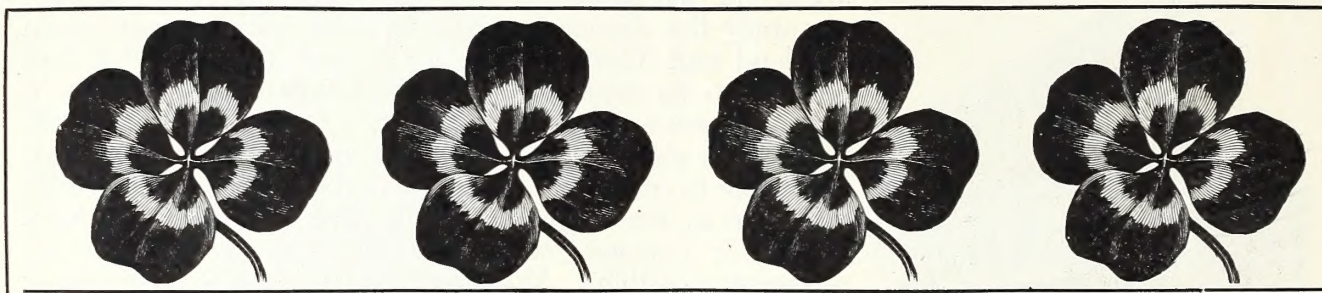
The prices quoted in the following pages are intended for those in the business of raising truck for sale, and are not intended under any circumstances for **private planters.** Please remember that since 1889 Maule's Seeds have not been sold to dealers to sell again at a profit. If wanted, they must be ordered direct from Wm. Henry Maule, Inc., Philadelphia.

The prices quoted in this list are f. o. b. Philadelphia, excepting if **your order amounts to $10.00 or over for small seeds, when we will deliver them carefully packed, all charges prepaid,** at your nearest freight station, provided your order does not contain any peas, beans, corn, potatoes, vegetable plants or onion sets. Prices on heavy seeds, etc., are net f. o. b. Philadelphia, **customers paying the freight on these heavy goods.**

In some cases customers can save money by having their **seeds, etc., sent by parcel post,** as on all orders for small seeds for less than $10.00 and on all heavy goods, the customer is required to pay the charges. In computing the rate for parcel post, **allow one pound to each quart of sweet corn and two pounds to each quart of peas or beans.** Figure the number of pounds ordered and get your postmaster to give you the parcel post rate on same from Philadelphia. **Remit the cost of postage** with your order and we will **forward by parcel post.**

To those who have never had this little Price List, we would say our idea in omitting descriptions (which can always be found in our regular seed book) and printing the list in good size type is what our customers appreciate. There are no frills on this list; it is simply a wholesale price list for busy people, of such seeds as are bound to give satisfaction and make profits on the market stall.

TERMS: Cash with order or satisfactory bank reference. Money can be sent by post office money order, express money order, draft or check. If you do not remit in any of these ways, register your letter. We will send C. O. D. by parcel post or express on orders exceeding $15.00, if 25 per cent. of the amount is remitted with the order. We cannot send C. O. D. by freight. We accept postage stamps same as cash. **Half pounds may be ordered at the pound rates; half pecks at the peck rates; half bushels at the bushel rates.**



Our Four-Leaf Clover Guarantee

FIRST: Safe Arrival.—We guarantee that all goods sold by us shall reach our customers in good condition.

SECOND: Money Insured.—We guarantee to hold ourselves responsible for the safe arrival of all remittances sent to us by post office money order, express money order, draft, check or registered letter.

THIRD: As to Delivery.—We guarantee to deliver free of all charges to your nearest railroad station all garden seeds if your order amounts to $10.00 or more for ***small seeds only.*** On orders for small seeds less than $10.00 or for peas, beans, corn, etc., we will deliver by Parcel Post if you will make inquiry of your postmaster and find what zone Philadelphia is in and the rate from your post office and add the rate he gives you to the price quoted in this list.

FOURTH: As to Crops.—We give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, plants or bulbs we send out and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned, but we do guarantee that we will use every effort to send you the best seeds, plants or bulbs procurable of such varieties as you may order.

What More Could be Asked?—We guarantee everything but the crop. Protected from loss by this most liberal of guarantees, every one can rest assured of the most entire satisfaction.

I am again sending you my order for Danish Ball Head cabbage seed. Hoping to receive, and trusting I will receive as good seed as I have in the past. Your seed did well for me last year. I am now selling my Danish Ball Head cabbage at $25.00 per ton. Quite a few people around here got fooled on their seed, had cabbage no good. Thanking you for your just treatment of my order in the past, and trusting the same in the future, as cabbage is my only field crop.
Edwin Croft, Honeoye Falls, N. Y.

The Maule Seed Book for 1916

is pronounced by one and all the most complete seed catalogue ever published in this country. It not only contains a full list of everything worth growing in Garden, Field and Flower Seeds, but also contains a list of Summer Flowering Bulbs, Plants, Small Fruits, Garden Tools, Fertilizers, etc. Tell your friends who do not know Maule's Seeds to send us their address on a postal card, and we will be only too glad to mail them a copy FREE.

WM. HENRY MAULE, Inc., 21st and Arch Streets, PHILADELPHIA, PA.

Our Frost Proof Cabbage Plants

Will Double Your Profit — Why?

There are a number of sea islands along the South Carolina sea coast and the gulf coast of Louisiana where the soil and climatic conditions are just suited for growing tough, hardy cabbage plants during the winter and early spring. The seed is planted in the open field in the months of October, November, December, January and February. The plants make a slow but steady growth, until at 8 to 10 weeks of age they are very tough and hardy, the buds are purple and the outer leaves a reddish brown. When in this condition they can be shipped to territory further north and planted in the open ground a month to 6 weeks sooner than the home-grown hot bed or cold frame plants could be planted. These frost proof cabbage plants will stand a temperature of 8 to 10 degrees above zero without injury, the land freezing, or the plants being covered with ice, sleet or snow after they are planted will not injure them.

The top of the plant does not grow until your regular spring weather opens up, but the roots grow from the time they are planted and just as soon as spring weather starts, the established root growth assimilates the fertilizer in the soil, the plants grow very fast, maturing headed cabbage 10 days to 3 weeks sooner than you can mature them from hot bed and cold frame plants. You know what the difference in profit will be if your crop is matured and marketed before the general crop from home grown plants is matured.

TO GET THE ADVANTAGE OF THESE FROST PROOF CABBAGE PLANTS THEY MUST BE PLANTED A MONTH OR SIX WEEKS EARLIER THAN YOU WOULD PLANT HOME GROWN PLANTS.

Our cabbage plants are grown from the best Long Island grown seed and are shipped direct from our growing stations in South Carolina and Louisiana by mail or express. We can fill orders from December 1st to April 15th. We guarantee plants to arrive in good condition.

The plants will be somewhat wilted and have a hard, stunted appearance, which will be disappointing to persons who have never used these plants before. Regardless of appearance, they will produce the results.

Can supply only the following varieties of frost proof cabbage plants: Early Jersey Wakefield, Charleston or Large Wakefield, Succession and Early Flat Dutch.

Plants packed 500 and 1,000 to the crate when shipped by express; 100, 200, 300, 400 and 500 to the package, when forwarded by parcel post. Order in these quantities, they weigh about 25 pounds per 1,000 crated for shipment, and can be shipped to any point where they will arrive within 4 or 5 days. No plants shipped C. O. D.

Prices: **35 cents per 100; $1.40 per 500; $2.50 per 1,000, postpaid. By express,** purchaser paying charges, **500 for $1.00; in lots of 1,000 to 4,000 at $1.50 per 1,000; in lots of 5,000 to 9,000 at $1.25 per 1,000; in lots of 10,000 or more at $1.00 per 1,000.**
